

JOIN THE BATTLE FOR BRITAIN!

This is a message from the **British People's Party**- an important message that should be read by every Briton worried about what is happening to their country!

- Are YOU worried about the Asylum seeker flood?
- Are YOU worried about continuing mass immigration?
- Are YOU worried about the failure of the multi-racial 'experiment'?
- Are YOU worried about Britain's independence being taking over by the European Union?
- Are YOU worried about the total destruction of British industry?

More than anything are YOU worried that the old gang parties - Labour, Tory and Liberal-Democrats have no answer? There is NO difference between them and all they have are the same old failed answers to a shocking situation THEY have created in the first place.

Are YOU ready for something totally different? Are YOU ready for the solutions to YOUR country's problems which we, the British People's Party can give?

We are a White Nationalist movement for the native British people and WE are worried that very soon our country, under the constant barrage of multiculturalism and multiracialism will no longer be recognisable as the country OUR forefathers fought and died for!
