

The British People's Party asks....

ARE YOU FED UP WITH THE OLD GANG POLITICIANS?

Well we in the BPP don't blame you! Look what they have given us:

- *Decades of false promises and neglect. Decades where Tories, Labour and Liberals have allowed a once great nation to turn into a second class country*
- *Mass uncontrolled immigration changing our once happy nation into a land where Britons feel they are losing out*
- *Floods of 'Asylum Seekers' who are not asylum seekers at all but still more untold thousands of economic refugees putting even more strain on our tottering social services*
- *The destruction of British industry. Where are the coal mines? Where is the shipping industry? What happened to British Steel? What happened to our car manufacturing industry - and much much more! All gone whilst Britain is turned into a fifty-first state of America and a second class state of the European Union run by its faceless bureaucrats in Brussels*

Want to know what YOU, the ordinary British people can do about it? Want to help make Britain into a decent nation once again? Want an end to the lies and false promises of the Old Gang who have conned you for years?

There IS an answer! The British People's Party is campaigning in this area NOW - and we are building up an active BPP organisation in the area. You can play your part:
