

What's the truth about **WHITE NATIONALISM?**

Turn on your TV or open your papers and you will often see or read something concerning White Nationalism. When do you ever hear or read a quote from an actual member of a White Nationalist organisation though? When will a White Nationalist spokesperson be invited to tell you what their party actually believes in?

The answer is never, the media and the corrupt politicians who pull their strings are not going to give us the right to have our say as they're too frightened of what we have to tell the British people

- THE TRUTH!

We don't have the funds to be able to counter the media's lies on their terms as we're not backed by wealthy industrialists or trade unions but in this leaflet we've listed some of the policies of our organisation, the BRITISH PEOPLE'S PARTY.

We feel that these policies, once implemented, will restore this country -OUR COUNTRY -to its former glory and give it back to its rightful owners - we the BRITISH people!

BRITAIN FOR THE BRITISH Native Britons first in Housing, Social Services and Jobs. Multiracialism has been a disaster for Britain - only a policy that enforces a total ban on immigration and the humane repatriation of all coloured immigrants and their descendants to their ancestral homelands can save this country from chaos.

BAN FOREIGN IMPORTS British Jobs for British Workers - place a ban on the importation of all goods we can make ourselves.

NO TO EUROPE Get Britain out of the European Union. Power is being taken from the British people and placed into the hands of the faceless Brussels bureaucrats who are intent on absorbing our country into a United European capitalist slave state. British Sovereignty is not for sale!

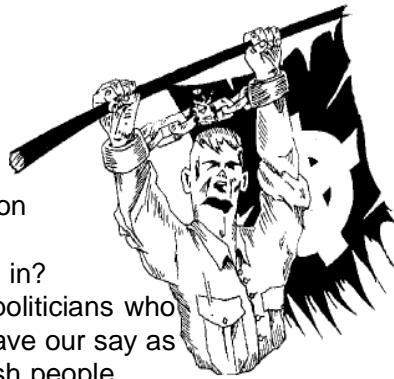

FIGHT FOR THE RIGHT TO WORK No more slave labour Jobs paying a pittance whilst the capitalists grow fat on our sweat. Workers' Co-ops and re-nationalisation along with small family firms will bring about social justice and destroy poverty and greed.

SCRAP FOREIGN AID Put a stop to all overseas aid. Build homes and hospitals for our own people. Why should we give money to foreign nations when our own pensioners freeze to death in winter because they can't afford to pay their fuel bills?
